Personal Statement

A team player, critical thinker, and self-learner with excellent technical skills and academic qualifications. I possess a proven ability to ensure architectural projects are functional, safe, and well-designed. I am an innovative solution seeker with a keen eye for detail, looking to embark on a new journey in the field of full-stack web development.

Education

2019 | Full-Stack Web Development, Elevation Academy, Tel Aviv

An intensive 3-month coding course that covered the entire MERN stack and beyond. Built a number of end-to-end projects from scratch while adhering to solid OOP principles and communicating with a number of external APIs.

2011-2017 | Architecture (B.Arch), Tel Aviv University

- Created multiple projects from concept and schematic design to detailed construction and presentation
- Prepared 2D and 3D models using Autocad and Rhinoceros, as well as physical models.
- Worked in collaboration with others and independently.

GPA | **82**

Psychometric exam score | **742**

Skills

Fluent in JavaScript

Client Side: React and MobX, JavaScript (ES5/6), jQuery, HTML, CSS, LESS

Server Side and DataBase: Node.js, Express, MongoDB, Mongoose, SQL

Tools: Git, working in collaboration in Github, Heroku

Software applications: PowerPoint, Word, Photoshop, Rhinoceros, Autocad

Projects

PriceLess - a marketplace for fans to buy and sell last-minute concert tickets using a bidding system. The seller offers concert tickets up for bid, takes bids, and then sells them to the highest bidder. Client side uses React and MobX, server side uses Node.JS, Express, and SQL.

CRM - a web application for tracking and managing a company's interaction with current and potential customers. Client side uses React, server side uses Node.JS, Express, and MongoDB.

Work Experience

2018 | Project Manager - TransPerfect - a translation company

Coordinated multiple projects simultaneously, ensuring that all deadlines are met, projects stay within budget, and deliverables are of the highest quality.

2011-2016 | Student jobs- Sales representative and escape-room operator

Military Service

2006-2009 | Collected technological materials for a variety of classified projects in collaboration with high-ranking officials.
