Personal Statement

A team player, critical thinker, and self-learner with excellent technical skills and academic qualifications. I am an innovative solution seeker with a keen eye for detail, looking to embark on a new journey in the field of full-stack web development.

Education

2019 | Full-Stack Web Development, Elevation Academy, Tel Aviv

An intensive 3-month coding course that covered the entire MERN stack and beyond. Built a number of end-to-end projects from scratch while adhering to solid OOP principles and communicating with a number of external APIs.

2011-2017 | Architecture (B.Arch), Tel Aviv University

- Created multiple projects from concept and schematic design to detailed construction and presentation
- Prepared 2D and 3D models using Autocad and Rhinoceros, as well as physical models.
- Worked in collaboration with others and independently.

GPA | **82**
Psychometric exam score | **742**

Skills

Client Side: React, Redux, JavaScript (ES5/6), React Native, jQuery, HTML, CSS, LESS
Server Side and DataBase: Node.js, Express, MongoDB, Mongoose, SQL
Tools: Git, working in collaboration in Github, Heroku
Software applications: PowerPoint, Word, Photoshop, Rhinoceros, Autocad

Projects (view website)

CRM - a web application for tracking and managing a company's interaction with current and potential customers. Client side uses React, server side uses Node.JS, Express, and MongoDB.
Recorder- A mobile app for recording, displaying, filtering and playing audio files. Built with: React-Native, Redux, Node.JS, Express, Expo, Mongo Atlas.

Internships

June 2020 - Shout- an Instagram Influencer Marketing Platform. Working with Python, JavaScript, React-Native, Redux.
December 2019- Bimmatch- a startup connecting customers with products in the construction field, working with GraphQL, Apollo, Netlify.

Work Experience

2018 | Project Manager - TransPerfect - a translation company

Coordinated multiple projects simultaneously, ensuring that all deadlines are met, projects stay within budget, and deliverables are of the highest quality.

2011-2016 | Student jobs- Sales representative and escape-room operator

Military Service

2006-2009 | Collected technological materials for a variety of classified projects in collaboration with high-ranking officials.
